SHOPPING LIST

F. Bake in the oven for 5 mins on the trays before transferring to a wire rack to cool completely.

I. Gradually add spoonfuls of the flour mixture along with the buttermilk, mixing well after each addition to make a smooth, thick cake mixture.

O. For the filling: put the butter in a mixing bowl and beat until soft. Add the icing sugar, beating well after each addition.

A. Preheat oven to 180°C.

L. Spoon the filling into a piping bag and pipe over the flat sides of the remaining pie halves.

R. Sift the flour, cocoa, bicarbonate and salt into another bowl.

O. For the topping: sift the icing sugar and cocoa powder into a mixing bowl and gradually mix in 5-6 tsp warm water to make it smooth. Spread thickly over the peaked side of half the cold pies, smoothing the icing with the back of a knife.

P. First make the pies. In a mixing bowl, cream the butter and sugar together until pale and creamy, then beat in the egg.

! To serve, when the iced pie tops are set, carefully sandwich them on to the filled pie halves. Enjoy!

L. Using a 5 cm diameter ice cream scoop, drop 6 to 8 scoops of the mixture on a baking tray, spaced well to allow for room for spreading.
